I was not there but I did hear that there was a glitch. I forward your e-mail to the county manager. Once I receive her response to your e-mail I will e-mail to let you know the decision she made.
Thanks!

Hi Judy,

I would like to apologize to Cibola County for our technology glitch last night and offer to come out in person and present to the county officials. Please let me know the next available meeting time.

Judy,

All we would need is an internet connection for the county to view the power point presentation and a phone line- there is no actual video involved. Please have your I.T folks give me a call and see if we can find a work around. My number is 214-665-7436 or 214-680-9776 if I am not at my desk.

Importance: High

Good Morning Mark and Brenda,

I.T. has been preparing for your presentation for the meeting tomorrow but they will not be able to accommodate Brenda being teleconferenced into the meeting. They just let me know that the commission isn't set up properly to facilitate a teleconferenced presentation. Mark, I know you had planned on coming to the meeting and not presenting but would you be able to present the information in person? Thanks!

Judy,

I haven't forgotten about the summary page. EPA is beating the internal review to death – it should be available Monday.

Hi Judy,

I'm waiting to receive the summary from EPA. They know I am waiting and are trying to get it to me in the next couple of hours.

I would like to complete the commission packet this week, could you please provide a summary of the presentation that I put in each commissioners meeting binder? Thanks for your help!

Hello Brenda,

Cibola County had a few questions / requirements as they prepare for the subject meeting. They are:

1. Could you please let me know if you will be using the projector for your presentation and if so, if you will be bringing your own laptop and any other equipment needed to conduct the presentation?

Yes we will be using a projector- and yes I have my own laptop. I can bring my own projector if needed.

2. Our IT requests that presenters come to the manager's office about an hour before the meeting so that we can test the presentation with our system to ensure there are no glitches during your presentation.

No problem being there an hour before.

3. Also is there any backup you wanted me to provide to the commission regarding your presentation? I provide the backup in their commission packets so they can review the agenda items 3-4 days prior to the meeting.

We can provide a paper copy of the presentation- if needed. My preference is to perhaps provide a reference sheet or 1-page summary in paper.

4. They also want the name of the presenter. Should I give them your name?

Brenda Cook and Mark Garman

Let me know your answers / feedback to the questions / requirements when you get a chance.

Thanks,

Mark
